NSF-Approved Formats for the Biographical Sketch & Current and Pending Support Sections of NSF Proposals

NSF and SciENcv
April 9, 2020
Presenters

- Jean Feldman
  - Head, Policy Office, Division of Institution & Award Support; NSF

- David Saunders
  - IT Specialist, Division of Information Systems; NSF

- Sherri Bailey
  - Product Owner, Customer Services Division, National Center for Biotechnology Information, National Library of Medicine; NIH

- Bart Trawick
  - Director, Customer Services Division, National Center for Biotechnology Information, National Library of Medicine; NIH

- Jeremy Leffler
  - Outreach Specialist, Policy Office, Division of Institution & Award Support; NSF
Topics Covered

• Policy Implementation for Biographical Sketch and Current and Pending Support
• NSF-Approved Formats
  ▪ SciENcv
  ▪ NSF Fillable Forms
• Using the NSF-Approved Formats and Getting Help
• SciENcv Demonstration
• Frequently Asked Questions - send your questions to policy@nsf.gov
Policy Implementation
Key Dates for 2020 PAPPG

- Posted to the NSF website on Friday, January 24, 2020

- Effective June 1, 2020 for proposals submitted or due, on or after that date

- Released to the community more than 120 days prior to effective date
Policy Implementation
Biographical Sketch

- Requires senior personnel to use an NSF-approved format to generate the biographical sketch
- Appointments section must include any titled academic, professional, or institutional position whether or not remuneration is received.
- Synergistic Activities must be specific and may not include multiple examples to describe a single activity.
Policy Implementation
Current & Pending Support

- NSF uses the information to assess the capacity of the individual to carry out the research as proposed as well as to help assess any potential overlap/duplication.
- Requires senior personnel to use an NSF-approved format to generate current and pending support information.
- Information must be provided for all current and pending support irrespective of whether such support is provided through the proposing organization or directly to the individual.
- Project or in-kind contributions without a time commitment are not required to be reported in Current and Pending Support.
- In-kind contributions that are intended for use on the project/proposal being proposed to NSF must be included as part of the Facilities, Equipment and Other Resources section of the proposal.
- Examples of current and pending support expanded to include non-profit organizations.
NSF-Approved Formats for the Biographical Sketch

NSF requires a biographical sketch (limited to two pages) for each individual identified as senior personnel. Detailed information about the content is available in the Proposal and Award Policies and Procedures Guide (PAPPG), Chapter II.C.2.f.

Use of an NSF-approved format for the biographical sketch will be required upon implementation of the PAPPG (NSF 20-1), for all proposals submitted or due on or after June 1, 2020.

Approved formats for creating biographical sketches are:

- SciENcv - (AVAILABLE NOW!) NSF has partnered with the National Institutes of Health (NIH) to use SciENcv: Science Experts Network Curriculum Vitae as an NSF-approved format for use in preparation of the biographical sketch section of an NSF proposal. Adoption of a single, common researcher profile system for Federal grants reduces administrative burden for researchers. SciENcv will produce an NSF-compliant PDF version of the biographical sketch. Proposers must save these documents and submit them as part of their proposals via FastLane, Research.gov or Grants.gov.
  - FAQs on using SciENcv

- NSF Fillable PDF - (AVAILABLE NOW!) NSF is providing a fillable PDF for use in preparation of the biographical sketch. Proposers will be able to download it from this page, complete the form, and upload it as part of their proposal via FastLane, Research.gov or Grants.gov.
  - FAQs on using NSF Fillable PDF

Questions

For system-related questions, please contact FastLane User Support at 1-800-673-6188 or fastlane@nsf.gov. Policy-related questions regarding the content of the formats should be directed to policy@nsf.gov.
NSF requires information on all current and pending support for ongoing projects and proposals. Detailed information about the content is available in the Proposal and Award Policies and Procedures Guide (PAPPG), Chapter II.C.2.h. A set of frequently asked questions related to current and pending support also is available.

Use of an NSF-approved format for current and pending support will be required upon implementation of the PAPPG (NSF 20-1), for all proposals submitted or due on or after June 1, 2020.

Approved formats for creating current & pending support are:

- **SciENcv - (AVAILABLE NOW!)** NSF has partnered with the National Institutes of Health (NIH) to use SciENcv: Science Experts Network Curriculum Vitae as an NSF-approved format for use in preparation of the current and pending support section of an NSF proposal. Adoption of a single, common researcher profile system for Federal grants reduces administrative burden for researchers. SciENcv will produce NSF-compliant PDF versions of the current & pending support format. Proposers must save these documents and submit them as part of their proposals via FastLane, Research.gov or Grants.gov.
  - FAQs on using SciENcv

- **NSF Fillable PDF - (AVAILABLE NOW!)** NSF is providing a fillable PDF of the current & pending support format. Proposers will be able to download it from this page, complete the form, and upload as part of their proposal via FastLane, Research.gov or Grants.gov.
  - FAQs on using NSF Fillable PDF

Questions

For system-related questions, please contact FastLane User Support at 1-800-873-6188 or fastlane@nsf.gov. Policy-related questions regarding the content of the formats should be directed to policy@nsf.gov.
NSF Biographical Sketch Experience Walk-through
Research.gov Proposal Preparation – Biographical Sketch

- During proposal preparation, users provide Biographical Sketch information in the Senior Personnel Documents Section
- When a user clicks on Biographical Sketch, they are taken to a document upload page with instructions
Research.gov Proposal Preparation – Biographical Sketch

- Effective June 1, 2020, users can access both NSF-approved formats for the Biographical Sketch by clicking on the NSF-Approved Formats for the Biographical Sketch page or can go directly to SciENcv via the link provided.

- If the user has already generated their Biographical Sketch in an NSF-approved format, they can upload the PDF document directly to their proposal from their computer.
Research.gov Proposal Preparation – Biographical Sketch

- Clicking the **NSF-Approved Formats for the Biographical Sketch** link opens the policy page.
- If the user clicks the **SciENcv** link, they will be directed to the SciENcv website.
- If the user clicks the **NSF Fillable PDF** link, they will be able to download, populate, and save the completed form to their computer.
- This page also links to Frequently Asked Questions (FAQs) for both NSF-approved formats for the Biographical Sketch.
• Effective June 1, 2020, if the user attempts to upload a Biographical Sketch that is not in an NSF-approved format, they will receive an error at the time of upload.
• The error message will contain the SciENcv link and the link to the NSF-Approved Formats for Biographical Sketch page.

Biographical Sketch Validation Message

Biographical Sketch - Alan G Alphaman

⚠️ Your file contains the following error(s). Please update your file and try uploading it again.

• The Biographical Sketch is not in an NSF-approved format. Please upload Biographical Sketches in an NSF-approved format, such as SciENcv. A list of approved formats and policy guidance are available at the NSF-Approved Formats for Biographical Sketches policy page.
FastLane Proposal Preparation – Biographical Sketch

- Effective June 1, 2020, users can access both NSF-approved formats for the Biographical Sketch by clicking on the NSF-Approved Formats for the Biographical Sketch page or can go directly to SciENcv via the link provided.

**IMPORTANT NOTE:** A Biographical Sketch is required for all Senior Personnel and each individual’s Biographical Sketch must be uploaded as a single PDF file associated with that individual. Users must submit Biographical Sketches in an NSF-approved format, such as SciENcv. A list of approved formats and policy guidance are available at the NSF-Approved Formats for Biographical Sketch policy page.

Upload a Biographical Sketch for each Senior Personnel by clicking on the Senior Personnel’s button and then clicking on “Transfer File”. On that screen click on the Browse button to select the file and then click on the “Upload File” button and follow the instructions.
Grants.gov Proposal Preparation – Biographical Sketch

• Effective June 1, 2020, users can access both NSF-approved formats for the Biographical Sketch by clicking on the NSF-Approved Format link.

• If the user has already generated their Biographical Sketch in an NSF-approved format, they can upload the PDF document directly to their proposal from their computer.

Note: Biographical Sketches must be submitted in an NSF-Approved Format. Failure to submit this document in an NSF-Approved Format will prevent your proposal from being processed.
NSF Current and Pending Support Experience Walk-through
Research.gov Proposal Preparation – Current and Pending Support

- During proposal preparation, users provide Current and Pending Support information in the Senior Personnel Documents Section.
- When a user clicks on Current and Pending Support, they are taken to a document upload page with instructions.
Research.gov Proposal Preparation – Current and Pending Support

- Effective June 1, 2020, users can access both NSF-approved formats for Current and Pending Support by clicking on the NSF-Approved Formats for Current and Pending Support page or can go directly to SciENcv via the link provided.

- If the user has already generated their Current and Pending Support document in an NSF-approved format, they can upload the PDF document directly to their proposal from their computer.

Instructions to upload Current and Pending Support:
- Users must submit Current and Pending Support documents in an NSF-approved format, such as SciENcv. A list of approved formats and policy guidance are available at the NSF-Approved Formats for Current and Pending Support policy page.
  - Maximum file size permitted is 10 MB
  - Only 1 document can be uploaded
  - Accepted file types include: Adobe PDF
  - Current and pending support must include ongoing projects and proposals (including this project), and any subsequent funding the case of continuing grants.
Research.gov Proposal Preparation – Current and Pending Support

- Clicking the NSF-Approved Formats for Current and Pending Support link opens the policy page.
- If the user clicks the SciENcv link, they will be directed to the SciENcv website.
- If the user clicks the NSF Fillable PDF link, they will be able to download, populate, and save the completed form to their computer.
- This page also links to FAQs for both NSF-approved formats for Current and Pending Support.
Research.gov Proposal Preparation – Current and Pending Support

Current and Pending Support Validation Message

• Effective June 1, 2020, if the user attempts to upload a Current and Pending Support document that is not in an NSF-approved format, they will receive an error at the time of upload.
• The error message will contain the SciENcv link and the link to the NSF-Approved Formats for Current and Pending Support page.
FastLane Proposal Preparation – Current and Pending Support

- Effective June 1, 2020, users can access both NSF-approved formats for Current and Pending Support Sketch by clicking on the NSF-Approved Formats for Current and Pending Support page or can go directly to SciENcv via the link provided.
Grants.gov Proposal Preparation – Current and Pending Support

- Effective June 1, 2020, users can access both NSF-approved formats for Current and Pending Support by clicking on the NSF-Approved Format link.
- If the user has already generated their Current and Pending Support document in an NSF-approved format, they can upload the PDF document directly to their proposal from their computer.

Note: Current & Pending Support must be submitted in an NSF-Approved Format. Failure to submit this document in an NSF-Approved Format will prevent your proposal from being processed.
Where to Get Help

• For technical or NSF IT system-related questions, please contact the NSF Help Desk at 1-800-673-6188 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or via fastlane@nsf.gov
  ▪ SciENcv-specific issues
  ▪ Issues with NSF fillable forms
  ▪ FastLane and Research.gov system questions

• For technical questions relating to Grants.gov, please contact Grants.gov directly at 1-800-518-4726 or support@grants.gov.

• For policy-related questions, please contact policy@nsf.gov
What is SciENcv?

Science Experts Network Curriculum Vitae (SciENcv)
Is a FREE electronic system that helps you assemble the professional profile needed for federal funding applications.

SciENcv supports these federal agencies:
- National Science Foundation
- National Institutes of Health
- Department of Education

Benefits:
- Reduces burden
- Leverages existing data from other systems
- Automatically formats to requirements (margins, fonts, etc.)
How do I get to SciENcv?

Current & Pending Support

Current and Pending Support Summary

PROJECT/PROPOSAL INFORMATION
Current and Pending Support includes all resources made available to an individual in support of and/or related to all of his/her research efforts, regardless of whether or not they have monetary value. [1] Information must be provided about all current and pending support, including this project, for ongoing projects, and for any proposals currently under consideration from whatever source [2], irrespective of whether such support is provided through the proposing organization or is provided directly to the individual. Concurrent submission of a proposal to other organizations will not prejudice its review by NSF, if disclosed.[3]

[1] If the time commitment or dollar value is not readily ascertainable, reasonable estimates should be provided.

[2] For example, Federal, State, local, foreign, public or private foundations, non-profits, Industrial or other commercial organizations or internal funds allocated toward specific projects.

[3] The Biological Sciences Directorate exception to this policy is delineated in PAPPG Chapter II.D.2.

IN-KIND CONTRIBUTION INFORMATION
Current and Pending Support also includes in-kind contributions (such as office/laboratory space, equipment, supplies, employees, students). If the in-kind contributions are intended for use on the project being proposed to NSF, the information must be included as part of the Facilities, Equipment and Other Resources section of the proposal and need not be replicated in the Individual's Current and Pending Support submission. In-kind contributions not intended for use on the project/proposal being proposed that have associated time obligations must be reported below. If the time commitment or dollar value is not readily ascertainable, reasonable estimates should be provided.

C. PRODUCTS
Acceptable products must be citable and accessible including but not limited to publications, data sets, software, patents, and copyrights. Unacceptable products are unpublished documents not yet submitted for publication, invited lectures, and additional lists of products. Each product must include full citation information including (where applicable and practicable) names of all authors, date of publication or release, title, and title of enclosing work such as journal or book, volume, issue, pages, website, and Uniform Resource Locator (URL) or other Persistent Identifier.

D. SYNERGISTIC ACTIVITIES

List up to five distinct examples that demonstrate the broader impact of the individual's professional and scholarly activities that focus on the integration and transfer of knowledge as well as its creation. Synergistic activities should be specific and must not include multiple examples to further describe the activity.

1. A list of up to five examples that demonstrate the broader impact of the individual's professional and scholarly activities that focuses on the integration and transfer of knowledge as well as its creation. Examples could include, among others: innovations in teaching and training (e.g., development of curricular materials and pedagogical methods); contributions to the science of learning; development and/or refinement of research tools; computation methodologies, and algorithms for problem-solving.

2. I will never submit personal information such as home address; home telephone, fax, or cell phone numbers; home e-mail address; date of birth; citizenship; drivers' license numbers; marital status; personal hobbies; and the like. Such personal information is irrelevant to the merits of the proposal. If such information is included, NSF will make every effort to prevent unauthorized access to such material, but the Foundation is not responsible or in any way liable for the release of such material.

3. The activities are specific and must not include multiple examples to further describe the activity.

Innovations in teaching and training; contributions to the science of learning; development and/or refinement of research tools; computation methodologies and algorithms for problem-solving; development of databases to support research and education; broadening the participation of groups underrepresented in STEM; and service to the scientific and engineering community outside of the individual's immediate organization.

Dear NSF.User@nsf.gov,

My NCBI is a free user account system that can be used to store data (such as PubMed citations), searches, and web site preferences for the NCBI web site.

The My NCBI user: ncbi.user has granted you permission to view and manage his/her bibliography. You will be able to add and remove citations to the bibliography and perform other functions as if you were ncbi.user. To accept this responsibility, click the link below to log in to or register for My NCBI.

https://www.ncbi.nlm.nih.gov/account/delegation/?token=wpqcqAhY5ca74f2&delegateOf=ncbi.user

If you believe you have received this message in error, you may simply ignore it or contact the requestor sherri.bailey@nih.gov for clarification.

Please do not reply to this message. Replies to this message are routed to an unmonitored mailbox. You may send questions, problems, and comments to info@ncbi.nlm.nih.gov.

Thank you,
The My NCBI Team

Frequently Asked Questions
Frequently Asked Questions

• For current and pending support in SciENcv we’re asked to fill in “Person-Months per Calendar Year.” Is this a departure from how we’ve been asked to report in the past?

• For current and pending support in SciENcv the field for the award number only permits numbers to be entered. Can this be changed to also allow letters?

• For current and pending support in SciENcv, are there plans to have SciENcv pull directly from NIH Commons, ORCID and FastLane?

• The current and pending support fillable format allows for 10 projects/proposals. What should we do if we have more than 10 to include?

• The biographical sketch fillable form has fixed character amounts which limits how I can use the allotted two pages. Are there plans to make any changes to this?

• Are there issues with filling out the PDF-fillable forms in any other software other than Adobe Acrobat?
